

# POZZO BOLOGNA

Il Pozzo Bologna si colloca in prossimità della zona verde lungo l'asse di via Bologna, composta da Piazza Cimarosa e dai giardini del Centro per l'Impiego della Città di Torino. E' composto di una griglia di ventilazione, opportunamente disegnata per inserirsi nelle forme del contesto, da una botola di calaggio e da un pozzo di ispezione.

Le emergenze tecniche del pozzo si dispongono all'interno della banchina, tuttora adibita a parcheggio, presente lungo Via Bologna. Il loro posizionamento permette la piantumazione di nuovi alberi nelle vicinanze, a compensazione delle alberature rimosse in fase di cantierizzazione.
